Press Release

INDUS Technology is Awarded Customer Support and Program Management Support Services Contract

San Diego, CA, June 28, 2017: INDUS Technology was notified that their team was awarded the Customer Support and Program Management Support Services Task Order. This potentially valued \$24,883,380 contract will provide support to the Air Dominance Department of the Naval Surface Warfare Center, Port Hueneme Division (NSWC PHD), Port Hueneme CA. The Task Order includes providing general customer support, financial program management support and document control center support over the next five years.

"INDUS is again pleased to be able to increase support to the warfighter and expand our presence at NSWC PHD. Our employees have always been committed to providing excellent service and dedication to supporting our customers." James B Lasswell, President/CEO.

Our Teammates on this effort include Booz Allen Hamilton, Quality Innovative Solutions Inc. (QIS), Engineering Services Network (ESN), and Kratos Defense & Security Solutions. Work will be performed at various locations including NSWC PHD and its port, Washington DC, and major US Naval installations and contractor locations.

INDUS Technology, Inc. is an employee-owned Service Disabled Veteran Owned Small Business, that is a premier provider of quality professional services for industry and government. INDUS is an ISO 9001:2008 Registered and Certified company, focusing on providing high quality Engineering Services, Information Technology services, Program Management, and Financial Management services to the Department of Defense and other government agencies.
