Press Release

INDUS Announces GSA Award

San Diego, CA, August 15, 2018: INDUS Technology, Inc. (INDUS) a Service-Disabled Veteran-Owned Small Business (SDVOSB), Government Support Services provider, received notification from the U.S. General Services Administration (GSA) that INDUS was granted award of the Professional Services Schedule (PSS).

The PSS is a GSA Multiple Award Schedule (MAS) program that consolidated eight professional-services Schedules (Mission Oriented Business Integrated Services (MOBIS, MAS 874); Professional Engineering Services (PES, MAS 871), Financial and Business Solutions (FABS, MAS 520); Advertising and Integrated Marketing Solutions (AIMS, MAS 541); Logistics Worldwide (LOGWORLD, MAS 874 V); Environmental Services (MAS 899); and Language Services (MAS 738 II).

Using streamlined procurement procedures, PSS offers federal agencies access to experienced contractors who provide a wide range of professional services at discounted and competitive prices, while eliminating significant contract duplication and workload previously associated with negotiating, administering, and auditing multiple MAS contracts.

Mr. Eric MacGregor, INDUS President and CEO, stated "It has been quite a few years since INDUS has had a prime GSA Schedule. We are very pleased to be able to offer this as an option to our existing customers and to expand our business base."
