

Press Release

Naval Undersea Warfare Center, Division Newport (NUWC DIVNPT), Undersea Weapons, Vehicles and Defensive Systems Department (Code 85) - Weapons Analysis Facility (WAF) Support Services

San Diego, CA, September 2, 2022: INDUS Technology, Inc. (INDUS), a Service-Disabled Veteran-Owned Small Business (NAICS dependent), Government Support Services provider, received notification from NUWC Division Newport, Code 85 that we were awarded the Weapons Analysis Facility (WAF) Support Services contract for the second time! The approximate contract award value is \$9.9M over 5 years.

NUWC DIVNPT Code 85 is the Navy's Center for warfare systems including: torpedoes, countermeasures, unmanned undersea vehicles, tactical systems, underwater targets, multi-weapon simulators, and weapon systems. In pursuit of its mission, Code 85 develops, maintains, manages, and operates unique and specialized computer laboratory facilities and resources to support research, development, simulation, test and evaluation. INDUS will be providing operational services in support of the WAF to include operating and maintaining the WAF weapon simulators, computer systems hardware maintenance, operational security, administrative and financial support, information assurance and logistics. INDUS President and CEO, Eric MacGregor, commented, "INDUS is honored to receive this Code 85 WAF recompetit award. It ensures that INDUS retains a prime contractor presence in Newport through 2027 supporting this critical Code 85 WAF program. The loyalty and dedication from our employees supporting this task were primary drivers towards our success and I'm incredibly proud of our team that secured this award back to INDUS."

This effort will be managed by Matt Cantwell.
