MarTon Solutions Joint Venture Wins Availability Work Package Manager contract

MarTon Solutions, an SBA Mentor Protege Joint Venture (JV) partnership between OLH Technical Services (OLH) and INDUS Technology (INDUS), announced a new task order award from Naval Supply Systems Command (NAVSUP) Fleet Logistics Center (FLC) San Diego, Code 200!

This task order will support the Commander, Naval Surface Force Atlantic (COMNAVSURFLANT) and Commander, Naval Surface Force, US Pacific Fleet (COMNAVSURFPAC) Type Commander (TYCOM) with Availability Work Package (AWP) Managers. The approximate contract award value is \$23.5M.

This award is the first win for the MarTon JV and is new work for OLH and INDUS. The scope of work includes providing AWP Managers to both COMNAVSURFLANT and COMNAVSURFPAC TYCOM staffs to assist with the development, scheduling, planning, and tracking of surface ship depot level maintenance and modernization work. Specific tasking includes providing technical and programmatic support for Fleet/TYCOM staffs, providing support for planning and execution of Fleet alterations, monitoring the progress of Mandatory Technical Requirements (MTRs), producing deferral letters, lock letters, and after action reports, reviewing cost estimates, supporting depot level availability duration studies, planning and participating in meetings and events, monitoring the depot level planning process, analyzing and monitoring advisories, and preparing and delivering briefs/presentations. Tasks will be performed at Norfolk Naval Station, Norfolk, VA, Mayport Naval Station, Mayport, FL and COMNAVSURFPAC HQ, San Diego, CA. If all options are awarded, the period of performance will go through November 2030.

Per Eric MacGregor, INDUS' President & CEO, "INDUS is honored to be given the opportunity to support these critical AWP initiatives under our MarTon Joint Venture. As INDUS transitioned into a Large Business, we felt that it was imperative to form quality Joint Ventures to continue our company's growth trajectory, and it's rewarding to see these results materialize alongside our partner OLH."

"We are honored to support COMNAVSURFLANT and COMNAVSURFPAC with this important work," said Tim Varvel, General Manager and Vice President of OLH Technical Services, LLC. "This award allows us to expand upon the trusted services we already provide to these valued customers and deepen our role in ensuring fleet readiness. We're excited to bring our experienced team and proven capabilities to help advance the Navy's mission."

INDUS
